

**Position Announcement**  
**KXLL Community Engagement Producer**

KTOO is looking for a talented and creative media producer to join our team as the **KXLL Community Engagement Producer**. This is a ¾-time (30 hours per week) position located in Juneau with the potential to become full-time.

KXLL 'Excellent Radio' is Juneau's only AAA (adult album alternative) music station, broadcasting multi-genre contemporary music from all levels of the music industry, from major and independent labels to self-produced artists. The station is rooted in a deep passion for music in all genres, from soul, R&B, pop, rock, hip hop, jazz, EDM, and everything in between. The station thrives as a local presence in the arts, music, and culture of Juneau, spotlighting local and visiting musicians, artists, culture bearers, events, and organizations doing music and arts-focused work. The station aims to connect with all music lovers, with a particular focus on the 18 to 34 age demographic. KXLL prioritizes offering listeners a fresh music catalog in regular rotation combined with active engagement and contribution to the local music and arts scene. The station covers the local music and arts scene through live on-air conversations, online and social media channels, and engaging in local productions and music shows.

The KTOO family of stations recognize that nationwide public radio has a role in perpetuating historic social inequities embedded in our society. As a music and arts station, KXLL has the ability to be a leader in helping evolve past that history by reflecting our community's rich cultural diversity. The station is at its best when it actively uplifts BIPOC, LGBTQ+, and historically minoritized artists and musicians, while retaining its core identity as a music station whose purpose is to nurture local music and art, and play *excellent* music.

The best applicant will be highly creative, collaborative, curious, and passionate about music and arts from culturally diverse artists. The KXLL Community Engagement Producer will have the opportunity to put their own stamp on the station. This an opportunity to shine in work that is both important and fun.

- Research and book guests for interview segments

- Support the station's on-air fundraising efforts

**Other opportunities include:**

- Working across departments on other station projects
